Ltd., founded in June 2022 with a lifetime experience. we're here to develop software tools for startups with new innovations in living, thinking, and fulfilling the maximum Gaps which are creating a barrier to connecting everyone or everything. Our mission is to help every person/family/organization to grow and connect everything as much as on Earth. The world of startups and SaaS (Software as a Service) has been rapidly growing in recent years, with companies like "[360 Circle Infotech](#)" leading the way. 360 Circle Infotech is a dynamic [startup tool development and SaaS company](#) that is revolutionizing the way businesses operate and grow in the digital age. In this blog, we will explore how 360 Circle Infotech is changing the landscape of business with its innovative tools and software solutions, and how it has become a driving force behind the success of many startups and businesses worldwide.

1)About 360 Circle Infotech:

360 Circle Infotech is a technology based company that specializes in building cutting-edge [software tools and SaaS solutions for startups](#) and businesses of all sizes. Based in Chandigarh, 360 Circle Infotech was founded by a team of experienced entrepreneurs and technologists who are passionate about helping businesses thrive in the digital era. The company's mission is to create innovative and user-friendly tools that solve real-world problems, empower businesses, and enhance productivity and efficiency.

One of the key strengths of 360 Circle Infotech is its diverse range of products and services. The company offers a wide array of tools and software solutions, including project management, team collaboration, customer relationship management (CRM), human resources management (HRM), marketing automation, website and app builder, and more. These tools are designed to cater to the unique needs and requirements of different industries and business types, making them highly versatile and adaptable.

2) Why Choose 360 Circle Infotech:

360 Circle Infotech has become a preferred choice for startups and businesses around the world for several reasons:

- a) Cutting-edge Technology:** 360 Circle Infotech leverages the latest advancements in technology, such as artificial intelligence (AI), machine learning (ML), and big data analytics, to create powerful and sophisticated tools that are at the forefront of industry trends. This enables businesses to stay ahead of the competition and make data-driven decisions.
- b) User-friendly Interface:** The tools and software solutions developed by 360 Circle Infotech are known for their intuitive and user-friendly interfaces as Qafto which is a website builder tool that can be easily used by anyone even from a non-technical background. They are designed with the end-users in mind, making them easy to understand, navigate, and use. This minimizes the learning curve and ensures that businesses can start leveraging the tools quickly and efficiently.
- c) Customization Options:** 360 Circle Infotech understands that every business is unique and has its own set of requirements. As a result, its software solutions and tools are highly adaptable, enabling organizations to customize them to meet their unique requirements. This level of customization ensures that the tools are a perfect fit for businesses of all sizes and types.
- d) Scalability and Flexibility:** 360 Circle Infotech's tools and software solutions are designed to grow and evolve with businesses. They are highly scalable and can accommodate the changing needs and requirements of businesses as they expand and evolve. Moreover, they are cloud-based, which provides businesses with the flexibility to access and manage their data and tools from anywhere, anytime, and on any device.
- e) Excellent Customer Support:** 360 Circle Infotech prides itself on its exceptional customer support. The company has a dedicated team of experts who are available round-the-clock to assist businesses with their queries, provide technical support, and ensure that they get the most out of the tools and software solutions. This level of customer service has earned 360 Circle Infotech a reputation for its outstanding customer satisfaction.

Currently, we are working on tools like [Qafto](#), a Website builder and app development tool without coding, [Khojofy](#), kind of a mediator between two parties who can be met

by using hashtags on the site for fulfilling their needs, [**Engage Smartly**](#), where anyone can buy popular web apps or mobile apps for different categories.
